

## RED STAR BENEFIT

**BILLY JUSTEMA AND FRIENDS  
GIVE CARNIVAL FOR WAR  
HORSE FUND**

Last week a carnival for the benefit of the Red Star was given by Billy Justema on the grounds of his home at 304 South Central avenue. For a good many weeks Billy has been designing booths, pennants, etc. At the booth over which he presided were place cards, bookmarks and pictures which Billy had designed and painted; Julia Perry and Margaret Whiteside were in charge of booths where fresh flowers and ferns were sold; there was a fortune-telling booth where Virginia Hunchberger in oriental costume foretold the future; candy was sold at the booth over which Marjorie McClouth presided; Dorothy Salyer managed a booth where magazines were sold, Evelyn Gregg a doll booth, Helen Daniels conducted a fish pond and Thomas McClelland a shooting gallery.

Old Glory floated from a flag pole in the center of the grounds, and gay bunting and pennants were draped at every conceivable corner, making a very pretty setting for the festival.

The carnival opened at 2:30, and the children came and went up to the hour of 5:30. When it was over and the children gathered to count the money and found that the penny sales totalled over \$6.00, they were a very happy lot of youngsters, particularly Billy, who had planned it all and painted special designs for the booths. The front of the Egyptian booth where fortunes were told, for example, was an immense and very perfect representation of the Sphinx. The Dutch windmill booth, with a big wheel at one end, was another success.

Besides returns from sales, which would have been much larger had not the stock given out, there was a program of songs, dances and recitations provided by Billy and the children who assisted him.

The receipts were turned over to Richardson D. White, Superintendent of Schools, Tuesday, and reported at the Assembly of the Intermediate School. Mr. White said that he would send them on to Washington with an account of the carnival to let the officials know how much California children are doing.

Billy gave a carnival a few months ago for the benefit of the Belgian Relief fund, which yielded about \$3. He is an enterprising and patriotic boy, and will probably keep right on doing things to help win the war and relieve suffering.

## RETURNS TO GLENDALE

Mrs. M. L. Rodrick, who has been spending the winter in Arizona, arrived in Glendale yesterday to spend a few weeks with her brother, G. H. Lorentz of 1503 Colorado street before leaving for her home in Washington, D. C. Mrs. Rodrick spent a part of last year with her brother and Glendale will therefore be familiar to her.

## GLENDALE WINS

**ELKS LODGE BOWLING TEAM  
SUCCESSFUL IN MATCH WITH  
LOS ANGELES ELKS**

The bowling match between the team of the Los Angeles Elks' Lodge and the team of the White Star Patrol of the Glendale Lodge took place Tuesday evening at the club house in this city and victory perched on the banners of the home players. There were five men on each side, three games were played, and the score ran as follows:

	Glendale Los Angeles	
First game	859	716
Second game	810	841
Third game	738	759

Totals.....2407 2316  
Glendale winning by 91 pins.

The Glendale players who won this victory were Messrs. Stone, Kerri, Chambers, Fortunato and Brown.

A delegation of about forty members of the Los Angeles Lodge and their ladies came out to witness the contest, and the wives of many members of the White Star Patrol were also present. At the close of play supper was served to about eighty guests in the banquet hall.

Tonight, Wednesday, there will be a match between the bowlers of the Glendale Lodge and the team of the Knights of Columbus Lodge of Los Angeles.

Next week Thursday a return match will be played with the team of the Los Angeles Elks' Lodge and the Glendale Lodge, but whether it will take place in this city or in Los Angeles has not yet been determined.

## SENT FORWARD

**LESLIE TARR ORDERED TO A  
PORT NEAR NEW  
ORLEANS**

Mrs. O. W. Tarr of 861 South Glendale avenue went to San Diego a week ago last Saturday to see her son, Leslie Tarr, who is in the Navy in the hospital corps. She found that he had received orders and was about to leave for a gulf port in Mississippi. So they came together to Los Angeles on Sunday, where they were met by Mr. Tarr and a group of friends and relatives who improved the chance for a final visit with Leslie. At 3:30 p. m. he took a Southern Pacific train for a port not far from New Orleans. His orders furnished no information as to whether he would be long there or whether he would be sent across the water. He has been in the hospital corps for about six months. As he has made an excellent rating, he is liable to be ordered to service anywhere. The government is fitting up a marine base hospital in France and it is possible he may be sent there. Leslie selected the hospital branch of the service because he thought it would be a place where there would be an opportunity to do a great amount of good. He did not want to be a sailor, but he did want to do his part in the war. Mr. and Mrs. Tarr heard from him while he was en route and hope soon to have a letter giving more information as to his whereabouts, his work and prospects. Previous to entering the service Leslie was on the staff of the Los Angeles Tribune as a reporter and he is still its correspondent. For that reason he is glad to have a change and new scenes to write about. While Mr. and Mrs. Tarr feel the usual grief that most parents experience in parting with their sons, they are glad he is ready to do his patriotic bit and pleased that he has found a congenial work.

## STREET TREES

Under direction of the City Forestry Department a large number of the city parkways are being plowed preparatory to the planting of trees. The department expects to plant about 2000 shade trees in the parkways this season. They will be California live oaks, camphor trees, carib trees and some acacias.

The parkways where trees were planted by the city during the last two years are also being plowed and it is expected by this means to prevent the growing of large roots near the surface, which of course would injure the sidewalks.

The city is planting one tree to each fifty-foot lot and is striving to have the plantings as nearly uniform in variety as possible and in harmony with the street trees already planted. Wherever property holders desire more than one tree to each fifty-foot lot, they are permitted to plant a tree of their own choosing.

## THE FORD AGENCY

The Glendale Ford Agency, which for almost two years has been under the management of Jesse E. Smith, made a change in its management the first of this month, when Howard Walker, C. B. Wilde and C. W. McFadden became the managers. All of these gentlemen have had positions at desks in this enterprising agency, and they are therefore familiar with all the details of the business.

Mr. Smith was a successful manager and a business man of more than average ability, but the draft called him to the service of his country and he has answered the call.

## RED CROSS JOTTINGS

Classes in surgical dressings work were under the instruction of Miss Ruth Taggart Tuesday. The list of workers included Mesdames S. C. Steele, E. L. Hedges, M. E. Miller, R. L. Milligan, H. S. Crockett, R. L. Roberts, Violet Walker, I. A. Flint, A. L. Lawshe.

The ambulance pillow corps was at work yesterday under the direction of Mrs. Betz and turned out twenty-seven pillows besides preparing a quantity of material for the children to work on.

## WILSON FAVORABLE FOR PEACE

**COUNT CZERNIN IN VIENNA SPEECH SAYS PRESIDENT IS  
DEVOTING ACTIVITIES TO AUSTRIAN PEACE CROWD**

(Special Service to Glendale Evening News)  
AMSTERDAM, April 3.—Count Czernin, Austrian Foreign Minister, addressing the Vienna Municipal Council, declared that President Wilson is probably considered more favorable ground for sowing the seeds of international peace than Berlin.

Czernin said Austria's ruler is attached to peace, and that fifty-five million people share his views. To these people he said Wilson is devoting his activities.

"Serbia desires peace," declared Czernin, "but the allies prevent. After being conquered militarily our enemies must be conquered morally. We do not intend to beg for peace, but enforce it by moral right and physical strength. Other tactics will prolong the war."

Czernin's speech as received here is incomplete.

## HAIG REPORTS SUCCESSFUL RAIDS

**BIG BATTLE FRONT IS QUIET SAVE FOR LOCAL ATTACKS  
AT VARIOUS POINTS IN THE LINE**

(Special Service to Glendale Evening News)  
LONDON, April 3.—In the neighborhood of Sompoux strong enemy parties determinedly attacked us but were repulsed after bitter fighting, Gen. Haig reported. A number of German dead were left on the field, and prisoners were taken. "Sompoux is 4 miles north of Arras in the neighborhood of Ayette, which is now ours," the report stated.

"Successful local operations last night resulted in the capture of more than 100 prisoners and three machine guns."

"Hindenburg is still shifting about hesitating," Simms' early dispatch says. "This is the quietest day since the offensive began."

## NO CASUALTIES PUBLISHED

**BAKER'S DECREE THAT INFORMATION MUST COME FROM  
PERSHING PREVENTS DEPARTMENT GIVING LIST**

(Special Service to Glendale Evening News)  
WASHINGTON, April 3.—The publication of casualty lists from the war department stopped today. This was the direct result of Secretary Baker's message decreeing that American headquarters news should come direct from American headquarters in France only.

No lists were issued today and none will be issued from the department unless the rule is modified. President Wilson may take a hand in the situation so the lists may be published as usual.

Acting Chief of Staff March held that Baker's order prevents the department from giving out casualties inasmuch as they concern persons under headquarters jurisdiction.

## PAUSE ON WEST FRONT NECESSARY

**BERLIN DISPATCHES SAY HALT IS NOT DUE TO ENEMY  
SUCCESSSES—OFFENSIVE WILL BE CONTINUED**

(Special Service to Glendale Evening News)  
AMSTERDAM, April 3.—"The pause in the fighting on the west front is necessary the same as in Italy when Tagliamento was reached. The rains greatly hampered our transports," Berlin dispatches published in the Cologne Gazette say.

Dispatches to the Volk Zeitung from the front say the pause in the fighting is not due to enemy successes but to the order of the German command.

"Roads must be prepared and munitions and food sent up to the front. The enemy will soon realize that we intend to go on," the dispatches say.

## LOCAL FIGHTING ON FRENCH FRONT

**WAR OFFICE REPORTS INCREASED MUTUAL ARTILLERY  
FIGHTING ON SOMME AND OISE FRONTS**

(Special Service to Glendale Evening News)  
PARIS, April 3.—On the Somme and Oise fronts there was increased mutual artillering the French war office announced.

South of Moreuil German attacks gained a footing at only one point in our advanced line.

North of Rollet enemy attempts to penetrate our lines fell down.

On the north slope of Plemont the French succeeded in detail operations considerably enlarging our positions and taking sixty prisoners. Eight German aeroplanes were brought down.

## LENROOT LEADING IN SENATORIAL CONTEST

(Special Service to Glendale Evening News)  
MILWAUKEE, April 3.—With approximately 80 per cent of the vote of yesterday's election tabulated, Irvine L. Lenroot, republican, is leading Joseph Davies, democrat, for United States Senator by about 6000 votes this afternoon.

Berger, socialist, is 41,000 behind. Later count shows Davies is gaining. His friends claim that in the final count he will overcome Lenroot's lead.

## ORIGINAL LETTER

**CAPTAIN CURTIS, BROTHER OF  
MRS. BEN NICHOLS, WRITES  
FROM FRENCH FRONT**

The following letter from Captain Fred S. Curtis, brother of Mrs. Ben Nichols of 223 South Adams street, this city, will be read with interest by many Glendale people. Mrs. Curtis, the Captain's wife, and their children are with Mrs. Nichols at present.

In France, March 4th, 1918.

With reference to the matter of the distribution of the articles furnished by the Red Cross, I have made careful inquiry among men who have been over here for several months. There has been no instance of which they can tell me where there has been any question as to the proper handling of these matters. I consider any statement reflecting on the work of the Red Cross in these matters is made maliciously and can probably be traced to German propaganda. You can safely say that the average soldier has been greatly benefited by the contributions of the organization.

You can readily realize that in a country where fuel is not too plentiful and the weather is raw, that the knitted articles have been of great usefulness. I have personally benefited by the use of articles loaned me.

With your knowledge of the selling game you are well aware that it is essential to get the customer in the proper state of mind to make the sale. The "boche" is not adept at the game from the selling standpoint but he has a fiendish ingenuity in "tossing the monkey wrench into the machinery."

We are not permitted to speak of military matters and if we were there is mighty little that comes to the notice of those as far down the line as I am, that does not appear in the home papers as soon as it gets to us. We depend on the Paris edition of the Chicago Tribune for our information and from all that I have seen of what is going on here, you can accept what they say as very dependable. The Tribune is working for the American soldier at all times and spends lots of money to benefit him. In the matter of delivery of mail they have done a very good work and none of their criticisms have been unjust. They have particularly assisted in the recovery of lost baggage. Your experience over here in peace times will make clear to you that for a piece of baggage to go astray with war conditions means that it will be for a long time lost.

Just at the present we are very comfortably quartered but soon will move on to places where the conditions will not be so good and where we will see something of danger. I am not over eager to get too intimately mixed in the game but of course we have nothing to say about what we do. We are informed quite frequently that we are over here to beat the boche and that our part of the game is to drop in where we are needed without question.

As I sit here writing, I can hear a bunch of men romancing about such historical matters as steak with mushrooms, roast chicken, broiled guinea and little matters like that. I wonder when such days will come again.

There is this to say for conditions over here; they are so far much better. (Continued on Page 4)

## EASTER AT ST. MARK'S

Easter at St. Mark's Episcopal church will long be remembered by those who attended the services. The church was never more beautifully decorated than this year. Lilies by the hundreds were everywhere, combined with English ivy. The large robed choir sang in their usual fine way; the morning prayer, the Communion service and three Easter anthems. Miss Nellie Williams' beautiful voice was heard in all solo parts.

The church was crowded with devout worshippers. After a most inspiring sermon by the rector, Dr. Mills, the choir sang "Keep the Home Fires Burning," and the prayers for the sailors and soldiers were given. Truly our hearts were stirred as never before by our Easter service.

## D. A. R. MEETING

The regular meeting of the General Gridley Chapter of the Daughters of the American Revolution will be held Thursday afternoon at the home of Mrs. John Hyde Braly, 205 North Brand boulevard, this city. The speaker of the afternoon will be Miss Franklin of Long Beach, an instructor in the public schools of that city, who will lecture on household economics, a theme of importance and interest to all women in these times of food conservation.

## FURLOUGH CENTERS

**FEDERATION OF WOMEN'S CLUBS  
TO RAISE \$3,000,000 FOR FUR-  
LOUGH CAMPS ABROAD**

Club women of America have undertaken to finance the furlough centers for American soldiers in Europe which are to be established by the Fostick Commission with the approval and official sanction of President Wilson and the National Government. These furlough centers will supplement the work of the Y. M. C. A., which is all at the front and for the soldiers in action. It is a grand work, but when the soldier of the U. S. A. is given a furlough there is no place for him to go except perhaps to wander around Paris, which is apt to be demoralizing. The French poilu can go to his home when given leave, so can the English Tommy, but the American Sammy's home is too far away. The plan therefore is to establish furlough camps which will reproduce as far as possible home conditions where the boys can rest and make themselves fit for continued service. Already patriotic, motherly women have volunteered to go abroad and do what they can to make a home atmosphere for the boys in these centers.

Mrs. Mattison B. Jones of this city, President of the District Federation, states that the General Federation of Women's Clubs has taken the matter up and plans to give three million dollars to this work, or one dollar per member from the club women of the United States. Many club women already have sons in France and they realize the need for these centers. They feel it is a privilege to do this work and if every federated club woman gives a dollar, the necessary amount will be raised without going outside of the organization, which would like to have these centers represent its contribution to the war. It is estimated that \$25,000 will maintain one center for one year, and the first plan called for \$250,000 to be raised by April 1st, but more money would mean more and better equipped centers.

Already members of the General Federation Board of Directors, of which Mrs. Josiah Cowles of Los Angeles is president, have subscribed \$5000. The Ebell Club of Los Angeles expects to raise \$1500.

Mrs. W. F. Nash has been made chairman of this Victory War Fund in Glendale, and will be responsible for all moneys turned over to her, which will be transmitted to the General Federation of Women's Clubs and by that organization turned over to the Fostick Commission. Relative to contributions, Mrs. Jones says:

"As president of this Los Angeles District I would like to say: We have the largest district in the state, containing the largest number of club women. Mrs. Cowles, the president of the federation, is a resident of this district and I hope it will do itself proud in contributing to this Victory War Fund because I thoroughly believe it is a fine thing and a necessary thing. The Y. M. C. A. is doing a great work, but this is further away where the boys can go to rest and get themselves together again. I hope the district will rally in response to this call in a way which will make me very proud of it."

## WOMEN'S LIBERTY DRIVE

**MRS. MATTISON B. JONES, CHAIR-  
MAN, MISS EVA DANIELS, SEC-  
RETARY, LOAN COMMITTEE**

Do you love your country,  
The good old U. S. A.?  
I know you do, the way you talk,  
But words alone don't pay.  
Show it by the deeds you do,  
The help you give, I say,  
Buy a bond, lend a hand;  
It is the only way.

The United States Government being desirous of knowing what the women are doing to help in the Liberty Loan Drive starting Monday, April 8th, is requesting them through the different women's organizations to co-operate with the men in this great work.

Mrs. Mattison B. Jones has been appointed chairman of the Glendale Liberty Loan Drive for Women, and the work of organizing a strong women's force is going on rapidly. We trust that all women contemplating buying bonds will do so through the women's organizations. Miss Eva Daniels, Secretary of the drive, will give information to any person desiring same as to conditions of purchase. Phone Miss Daniels, Glendale 911-M.

**WEATHER FORECAST**—Fair tonight and Thursday. Westerly winds.

## THE HIDDEN MYSTERY

Chief Herald of the Glendale Police Department states that he has received notifications several times lately that canvassers are endeavoring to sell in this city copies of "The Hidden Mystery," by Pastor Russell, a seditious publication which has been confiscated and forbidden by the United States government to be printed or sold. These reports have always been made to the department the day after the canvasser had solicited the parties reporting, and too late for officers to locate the canvasser. The canvasser last reported as having been in the neighborhood of Doran and Arden streets was described as a woman 28 to 32 years of age with light-colored hair parted in the middle, blue eyes and fair complexion. Any citizen who sees this person or any other person, man or woman, offering "The Hidden Mystery" or any other publication which there is any reason to believe is the seditious work which the government has forbidden, is requested to notify the police department at once, and that no time may be lost in investigating the matter and locating the salesman or saleswoman. It is quite possible that a mistake has been made and that the book offered is not the one proscribed, but Chief Herald wants a chance to investigate and is asking citizens to co-operate with his department and not to wait until their information is of no service.

## RED CROSS SHOP

The Red Cross Shop at 318 Brand boulevard has an order for 6 to 12 well-rooted marguerites. Donations of these plants are desired and givers are asked to furnish these and any other gifts they may have to bestow in boxes or wrapped in paper with the dirt compacted about the roots so the plants will be in good condition to sell.

Another patron of the shop wants copies of Hampton's Magazine for 1910, especially the issues of June, July, August and September.

Any person who has ability in lettering or designing who is willing to help in the manufacture of book covers is asked to report to Miss Maybelle Douglas, either at her home address, Tel. Glen. 588-J, or at the Red Cross Shop, 870-W.

## THE COUNTRY STORE

The reports which are leaking out relative to the Country Store entertainment to be given by the P.-T. A. Federation at the High School Saturday afternoon and evening indicate that it is to be a great spectacle and grand carnival of fun. The country store is to be a very realistic reproduction of the old-fashioned cross-road emporium of trade, and it will be supplemented by side-shows and entertainments in which the Junior Orchestra of sixteen pieces and the Girls' Glee Club of the Intermediate School under direction of Miss Wetherby, will participate, also the High School Glee Clubs. Robert Lehman will give impersonations, there will be a jazz band and many other attractions.

## LITERARY SECTION

The Literary Section of the Tuesday Afternoon Club held an unusually interesting meeting on Tuesday afternoon at the home of Mrs. H. E. Bartlett. An appeal from the General Federation of Woman's Clubs for funds to be used for our American boys in France, when on furlough, was presented and met with a generous response.

Mrs. George E. Adams gave a clever review of Kiplings "Ourself as Others See Us." The author generously criticizes manners and customs of our American people and portrays various types as they appeal to him.

Mrs. C. M. Turck gave a most comprehensive paper on the "Life of Lafayette." Born in Le Puy, 1757, he grew to be a sturdy lad, with a keen mind, and at the age of 13 was one of the richest boys in France. When the American war for Independence was begun he offered to go as a soldier and assist the Colonies. He sailed for America in 1776, entered the army as a major-general, was wounded at Brandywine and later returned to France, aiding his mother country in the Revolution of 1789. He became an American citizen, and when he passed away in 1834 this man of courage, determination and love of liberty, had a monument raised to his memory by five million American children, and on Decoration Day Lafayette's admirers decorate this grave with wreaths and flowers in loving tribute.

Mrs. Turck, at the close of this splendid paper, gave many pleasing glimpses of life in France.

## END OF REIGN OF SIN AND DEATH NEAR

SAN FRANCISCO, Cal., April 3.—"We aim at nothing less than the world," was the ringing message

## WHY WE ARE AT WAR WITH GERMANY

By  
EPHRAIM DOUGLASS ADAMS  
Executive Head, History Department  
Leland Stanford Junior University

"The object of this war is to deliver the free peoples of the world from the menace and the actual power of a vast military establishment controlled by an irresponsible government, which, having secretly planned to dominate the world, proceeded to carry out the plan without regard either to the sacred obligations of treaty or the long-established practices and long-cherished principles of international action and honor; . . . This power is not the German people. It is the ruthless master of the German people. . . . It is our business to see to it that the history of the rest of the world is no longer left to its handling."—President Wilson, August 27, 1917.

## THE NATION AND MORAL DUTIES

The rulers of Germany believe that they have the right to prevail over all other nations. They also believe that the power of the state is the only object for which its rulers should struggle. Still further, they believe that moral principles and ideas have no place in determining the actions of the state, since the sole duty of the state is to get power. This is German political philosophy. American political philosophy, from the very beginning of our institutions, has opposed this theory, and now in this war is fighting against it. For the German theory necessarily carries with it utter denial of the claims of moral feeling, of international right, of human decency and chivalry.

The German historian, Treitschke, at whose feet princes and rulers sat, eagerly absorbing his teachings, devoted his life to spreading this gospel of Power. It is true, he said sneeringly, that "a stock of inherited conceptions of integrity and morality is a necessity for government," (useful, that subjects of the state be obedient), but "the end of all and be all of a state is Power." "The state is the sole judge of the morality of its own actions. It is, in fact, above morality, or, in other words, whatever is necessary is moral."

From this it follows, in international relations, that there is no rule or guide to conduct except self-interest. In this present war a follower of Treitschke, one of the leading common-school educators of Germany, Kirschensteiner of Munich, drives home the theory. "The great lesson which the German people has had to learn is to think in terms of power. Let no one here say that small states, too, can have a national life of their own. True, so long as the great states around them allow them to exist. But any day may see the end of their existence, in spite of all treaties to the contrary. . . . Neither alliances nor treaties provide the least security. . . . There are no ethical friendships between states in our day. . . . There are only friendships of convenience. And friendships of convenience last just as long as the convenience itself." Professor Eulenberg of Leipzig sums it up. "All ethical considerations are completely alien to the state and the state must therefore resolutely keep them at arm's length."

Can we wonder that the German Foreign Secretary spoke of the broken treaty with Belgium as a "scrap of paper"? or that the school chil-

dren of Germany celebrated the sinking of the Lusitania? or that German agents in America, smoothly friendly in appearance, secretly plotted, before we were in the war, to destroy our industries, our railways, even our lives?

Is there no such thing any more as a common humanity—no "decent respect to the opinion of mankind," as Thomas Jefferson stated it in the Declaration of Independence? Is our ideal of righteousness, yes, even of unselfishness, impossible in international politics? This war, if Germany is defeated, may decide these questions, but if Germany wins, the struggle has just begun.

This American democracy of ours denies, and has always denied, the German theory; it asserts that the laws which formulate the duties of men toward each other are binding upon nations equally with individuals. For centuries civilization has been slowly advancing from ignorance, prejudice, and selfishness toward sympathy, understanding, and a desire to see justice done, whether between individuals or nations. The "be all and end all" of a state is not Power—it is Justice.

And the German government has left us in no doubt as to the results of her theory, in application. That government has broken a solemn treaty with Belgium, ordered the murder of innocent hostages, bombed unfortified towns, torpedoed unarmed passenger ships, destroyed works of art where they could not be carried to Germany, plotted secret war against neutral nations—all of them actions she once pledged herself to forego—has lost, in short, all sense, apparently, that she is dragging the former good name of the German people through a mire of dishonor, the stain of which will not be removed for generations. Against this mad philosophy and mad government the war must be waged, until they are defeated, or there is no safety for men or nations.

This is the third of a series of ten articles by Professor Adams.

## BEN SCOVELL

Considerable enthusiasm has been aroused for the reading by Ben Scovell, the talented speaker and reader who has been at the French and Belgian front and who will be the attraction at the entertainment which will be given under the auspices of the Glendale Branch of the British Ambulance Society Thursday evening at the High School. Mr. Scovell, who has been giving his exceptional talents to the camps, hospitals and convalescent homes in the Dominion and Great Britain, is known as the man who put the double "e" in "cheer" for wounded and crippled Tommies. He was for six months on the firing line in the same capacity. He has a fine voice and will give an earnest war talk and also an entertaining and witty one. He is an ex-actor. The entertainment, for which there will be no admission charge, will be decidedly worth while.

There appears to be a division of sentiment in regard to continuing the improvement of Silver Lake Parkway. Thirty per cent of abutting owners protested against the improvement, but the other seventy per cent are said to desire it. At its last meeting the City Council adopted an ordinance providing for its abandonment, but Mayor Woodman and Acting Mayor Farmer, who is at the head of affairs in the absence of the Mayor, are opposed to abandonment and when the ordinance comes to them or either of them it is expected it will meet with a veto.

## Personals

Mr. and Mrs. W. R. Alexander of Blanche avenue drove to Covina the latter part of the week and visited friends.

Mrs. M. H. Anderson of San Pedro and Mrs. W. G. Mills of Los Angeles were guests last week of Mrs. W. R. Alexander of Blanche avenue.

Mrs. Carrie Howe, mother of Mrs. H. E. Betz, has gone to Keystone, Imperial Valley, to visit friends. She expects to be gone for several weeks.

Mr. and Mrs. George Peterson and son of Blanche avenue and Mr. and Mrs. Will Grote and daughter of Tenth street spent Easter in San Jacinto.

On Wednesday afternoon Mrs. Edgar W. Pack, 430 South Adams, entertained Mrs. Frank, Miss Alice Frank and Mrs. Salome of Eagle Rock.

Walter Palmer, of the Seven Hills Rifle Club, has received word of the death of his mother, Mrs. E. J. Palmer, which occurred in Chicago Easter Sunday morning.

Mrs. David Black of Kenneth road will be hostess Thursday at an all-day meeting of the War Relief Committee of the Tuesday Afternoon Club. Members are asked to bring thimbles and needles, as the supply of wool for knitting is uncertain.

The Colorado boulevard P. T. A. will hold their regular business session Thursday, April 4, at 3:15. Please bring thread, needle and thimble, to sew for the Junior Red Cross conservation work. It is hoped there will be a large attendance. After the business session light refreshments will be served.

Mr. and Mrs. Calvin Whiting of 1442 West First street drove by auto to Ventura, where they spent the week-end, returning Monday morning early enough for Mrs. Whiting to be present at the rehearsal of the Treble Clef Club at nine o'clock. When the recent change in time is taken into account, the enterprise of Mr. and Mrs. Whiting is appreciated.

Mrs. Harry Howe and daughter Edith returned Saturday from a pleasant outing of several days at Ocean Park. The same day Professor Howe returned from his ranch at Coachella, where he had spent a busy though most enjoyable week supervising the installation of an irrigating system. He reports that everything is looking fine in the valley and crops prospects are good.

A report and full returns have been made to the Glendale Red Cross Chapter by Mrs. G. A. Whitaker, of the Red Cross dance given a short time ago in the Elks Club House by the committee of which she was chairman. When all expenses had been paid the receipts totalled something over \$64. This included the rent of the ballroom, which the Elks patriotically refused to accept. Mrs. Whitaker was also chairman of the committee which managed the Red Cross bazaar, from which several hundreds of dollars were realized.

Little Miss Genevieve Mulligan of Oak street, who is a talented youngster and who was to have been one of the readers at the Country Store entertainment at the High School Saturday, had the misfortune to fall downstairs at the Third Street school and will not be able to take part, to her very great disappointment, as she is a pupil of the Cumnook School and is glad to give her services to the cause. While she was badly bruised, no bones were broken. Two weeks ago her mother and uncle were in an auto accident on the San Fernando road.

Mr. and Mrs. L. N. Hagood and family, of Salem street, spent a delightful Easter in Boquet Canyon.

Mrs. Arthur Brown of 1301 Milford street is still confined to her home by illness, to the very great regret of her many friends.

Mrs. Frank Arnold goes to Los Angeles today, Wednesday, to sing at a large musical which is being given by Mrs. Ella Duffield, a composer of songs for children.

Mrs. Cash, a wealthy tourist who is visiting Los Angeles, will be the week-end guest of her friend, Mrs. Charles Turk, and will read palms at the Country Store entertainment on Saturday.

Mrs. Josie McCune, sister of Mrs. J. R. Maxwell and daughter of J. J. Laws of this city, who has spent about seven weeks with her father, left last Thursday for her home in Moscow, Idaho.

Mrs. Nanno Woods, who is chairman of plant sales at the Red Cross Shop, 318 Brand boulevard, is asking six ladies to donate two hours' time one day in the week to take charge from 9 to 11 o'clock of sales of flowers and plants at the shop.

## VISIT CAMP FREMONT

Mr. and Mrs. William H. La Fountain of 131 West Acacia street returned Monday night from a delightful auto trip to Camp Fremont, where their son Harry La Fountain is stationed. Learning that he was ill they decided to visit him, but found him quite recovered except for a cough which there was every prospect he would get over, and as they have had a telegram since their return that he is better, their minds are at ease about him. Mrs. La Fountain declares it was the most delightful trip she has ever taken because the country is so beautiful now. The fruit trees were all in bloom, the fields green, the snow-capped mountains most beautiful, and everything lovely. The trip consumed five days, as they left here Wednesday morning and reached camp Thursday night at 5 o'clock, and left for home Sunday morning at 7:20, arriving here about 8 p. m. Monday. They spent the night at Fresno, making the 300-mile run in one day. In a few places for short distances the roads were bad and they found it hard to keep the car in the road going over the desert, but over the majority of the distance the roads were so good that the journey was a delight. Camp Fremont is about a mile from Palo Alto and exceedingly pretty, Mrs. La Fountain reports.

During their absence Mrs. La Fountain's mother, Mrs. Hotaling, and her grandson William were the guests of her daughter, Mrs. Marshall, at her ranch home near Roscoe.

## GARDEN SOCIETY MEETING POSTPONED

The usual monthly meeting of the Glendale Garden Society which should take place Thursday evening of this week has been postponed until Thursday evening of next week, April 11. There are two reasons for the postponement: in order to give Mrs. Ashley, chairman of the Penny Seed Packet Committee, time to finish the school drive for seeds and to present her report, and in order to give all members an opportunity to hear Benjamin Scovell present his readings at the British Ambulance meeting to be held that evening, April 4, at the High School.

## ST. MARK'S AUXILIARY

The ladies of St. Mark's Auxiliary will meet at the home of Mrs. Wm. S. Porter, 823 North Brand, Friday afternoon at 2:30. Every lady interested in this branch of the church is urged to be present.

Have your photographic work done at the Cooksey Studio, corner of Lomita and Brand boulevard, where you will get portraits with a charming individuality. Sittings by appointment. Tel. Gl. 1447-W. 180t1

## BOOST GREATER GLENDALE

Why do I favor Chas. H. Henry for member of Board of Trustees of the City of Glendale at the coming municipal election?

When I voted for the consolidation with Glendale it was with the firm conviction that it was for the best interests of Tropic and Glendale.

When I voted for recent water bonds, I did so feeling that it was for the best interests of Greater Glendale.

When I cast my vote for the electric light bonds, to be voted on soon, it will be because I feel it is for the best interests of Greater Glendale.

When I urge voters at the polls on April 8th to vote for Chas. H. Henry as a member of the Board of Trustees, I firmly believe it will be for the best interests of Greater Glendale.

Because: Mr. Henry was serving on the Tropic Board of Trustees previous to consolidation, and proved a staunch supporter of the city's best interests, open to conviction, but never swayed by selfish interests.

He is making a clean, open campaign, unhampered by any party affiliations or endorsements by clubs or societies to whom he might, in the future, be under obligations for services rendered.

He is a well-known citizen, is thoroughly acquainted with conditions and needs of our city and can serve its people efficiently and economically.

His home and business interests are in Greater Glendale, therefore, being a large taxpayer, of necessity he will devote his energies to an economical and efficient administration.

A vote for Chas. H. Henry is a boost for Greater Glendale.

F. A. ALSPACH.

## THE WIDOW'S SON

I saw the mother kiss her boy.  
Her only child, her greatest joy;  
She bade him go to battle field  
Perhaps to die but not to yield.

Tears and smiles were mingled then  
As he left her arms to join the men.  
"Mother, a wish from you is a command,  
I would die for you and native land."

With a Spartan mother's pride  
She watched him when he left her side.

As she saw him with his comrades go  
To battle 'gainst the Vandal-foe.

Proud she was, had given all  
For native land at the first call.  
With the Engineers he sailed away.  
Somewhere in France he is today.  
W. H. PALMER.  
136 Elrose Ave.

## MONEY FROM FLOWERS

The new department organized by the Glendale Garden Society for the purpose of raising money for the Red Cross is meeting with great success. Plants, ferns and cut flowers especially are so eagerly purchased that the supply is not equal to the demand. Friends are urged to donate anything they can spare from their gardens. Bring them to the Red Cross Shop any day of the week. If you have any flowers suitable for cutting, make them into an attractive bunch and hand them in for the Plant and Flower Department. Friday is the big day and Saturday morning, too, is good; but flowers can be sold every day in the week. Mrs. Hester will kindly call with her automobile Friday mornings for garden donations. Phone Glendale 394 or Glendale 386-W.

## CARD OF APPRECIATION

The ladies of the Tuesday Afternoon Club take this opportunity to thank Mrs. Gibbs, Mrs. Ralston and Mr. Jesse Josephs for the services they rendered which contributed so largely toward making the pageant the success that it was. This sentiment was expressed by unanimous vote of the club.

A non-partisan, non-sectarian, non-sectional State-wide Association being organized for promoting the common interests of all loyal people in California.

Home office of the Association and of "The Californians," the periodical which will be its official organ.

## IN GLENDAL SAVINGS BANK

Brand and Broadway Glendale, California

## THE KANDY KIDS

About two weeks ago children of the sixth grade of the Columbus avenue school gathered one afternoon at the Red Cross Shop on Brand boulevard and made about fifteen pounds of candy to be sent to soldiers in France who had once been pupils in their school. Before it could be mailed the government placed an embargo on the sending of all such gifts because transportation facilities were so heavily taxed by the many demands of war. The candy had been made at considerable sacrifice on the part of the children who had saved their spending money to buy the sugar and had gone without candy themselves. They did not want to abandon their plan entirely, so the candy was sold, finding a ready market, and the proceeds, about \$2.20, were deposited in a Glendale bank to the credit of the Kandy Kids. There it will remain until the embargo is lifted, when it will be taken out with more moneys which the children hope to earn for the purpose, and more candy will be made. It is their aim to send a box of home-made candy to every soldier boy who attended the Columbus avenue school.

## RED CROSS FRENCH CLASSES

Afternoon French classes for adults, afternoon classes for children, and evening classes for adults are now in full swing. Pupils, young and old, are charmed with the interesting methods of their teacher, and look forward to each Monday with pleasure. Lessons are given in courses of ten, \$2.50 for the adults' course, \$1.50 for the children's lessons; all moneys to be paid to the Red Cross Secretary. No text books are required, the teacher supplying everything necessary. The larger the classes, the greater amount of money for the Red Cross. Men, women and children are urged to join these up-to-date French classes at once. Phone Glendale 1147 or Glendale 394.

## CARD OF APPRECIATION

The ladies of the Tuesday Afternoon Club take this opportunity to thank Mrs. Charles H. Temple, curator of the Shakespeare Section, and Mrs. Harry S. Duffield for the service they rendered which contributed so largely toward making the pageant the success that it was. This sentiment was expressed by a unanimous vote of the club.

## NOTICE OF HEARING OF PETITION FOR PROBATE OF WILL

NO. 38377

In the Superior Court of the State of California in and for the County of Los Angeles.

In the Matter of the Estate of Peter L. Schuyler, Deceased.

Notice is hereby given that the petition of James F. McBryde for the Probate of Will of Peter L. Schuyler, Deceased, and for the issuance of Letters Administration with Will Annexed thereon to James F. McBryde, will be heard at 9 o'clock a. m., on the 10th day of April, 1918, at the Court Room of Department 2 of the Superior Court of the State of California, in and for the County of Los Angeles.

Dated March 25, 1918.

H. J. LELANDE, Clerk.

By N. P. GRANT, Deputy.

JAMES F. MCBRYDE,  
Attorney for Petitioner,  
814 Trust & Savings Bldg.

## JAPANESE RAISE RATES

THE JAPANESE LABOR STATION announces that owing to the increasing cost of living they will advance their rates to 40 cents an hour; \$1.50 for half a day and \$2.75 for all day. These are the same rates that prevail in Los Angeles and Hollywood. 173t24\*

## CITRUS BY-PRODUCTS

The establishment of a factory to manufacture the by-products of its citrus packing house is being seriously considered in Rialto and a meeting has been called in which the matter will be debated. Harry Shipkey, who was one of the prime movers in locating the first factory at Anaheim, will be present and will explain the value of such an industry to a fruit district like Rialto. It is probable also that Mr. Crawford, or one of his sons, will be up from Anaheim to tell of the work that is being done in the Anaheim factory. Mr. Crawford is the manufacturer of the marmalades that are being made at the factory.

## GERMAN CONTROL OF RUSSIAN OIL

Recent events in Europe, putting German interests in control of the Russian oil fields following their acquisition of the Rumanian oil fields more than a year ago, have a particularly important bearing on the oil trade of the United States. The first effect is to make more certain the dependence of Entente Europe on the United States for its oil requirements, says the Wall Street Journal. This condition, it is true, has existed practically since the war started, because with the closing of the Dardanelles shipments from Russia were out of the question, but the possibility always remained that Russian supplies would be available.

With the exception of Mexico, which is supplying considerable of the fuel oil used by the British Navy, the position of the United States today in respect of its monopoly of the oil industry is stronger than ever before. Last year the United States produced 341,800,000 barrels of crude oil out of the world's total production of 516,000,000 barrels, or approximately 68%. In 1916 this country produced 300,000,000 barrels out of a total of 460,000,000 barrels, or about 65%.

Mexico in 1917 produced 60,000,000 barrels, it is estimated, as compared with slightly less than 40,000,000 barrels in 1916.

The United States in 1917 exported 2,596,000,000 gallons, as compared with 2,100,000,000 gallons in 1913. The intervening years showed substantial consecutive gains in exports, the top point being reached in the last two years.

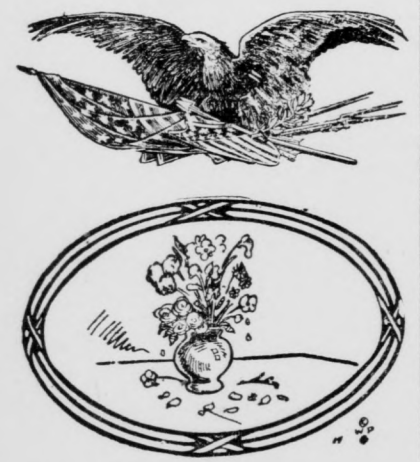

The other effect of German control of Russian fields may operate for the time being to the disadvantage of American companies. If means were at the disposal of Germany to ship petroleum and its products to Norway and Sweden, it is feared that American trade in oil with those countries would suffer.

## HOUSING EMPLOYEES

"Congress must act to provide for housing needs in the District of Columbia or development of America's war program will be seriously interfered with," Maj. Z. L. Potter, of the housing and health division, War Department, explains in a statement.

"Housing accommodations are needed in Washington for 18,500 people by July 1 and for 12,900 additional people by December 31. These figures are according to a careful check-up of the needs of different departments just completed. To provide for these 31,500 people there are 4,484 accommodations listed with the central room registration bureaus.

John R. Clynes, Parliamentary Secretary to Food Control Department, in British Parliament said that government intended to reduce immediately tonnage used for brewing material. On March 1 150,000 tons of barley were taken from brewers and a further 200,000 tons would be saved yearly by restricting standard of barrelage and using substitutes. Brewing materials for 1918-1919 will be equivalent to 512,000 tons of shipping, compared with 1,500,000 tons early in war and brewing material will be something less than 3% of solid food ration. Another member pointed out that Great Britain's drink bill in 1917 totaled \$1,295,000,000, against \$820,000,000 in 1914.

## FLOWERS WITHER

And soon fade away,—but the value of money increases as the years go by.

There are many foolish ways in which you spend money, which if added to a Bank Account would in a few years make you INDEPENDENT.

Why not try a year of thrift and make this bank the depository for your funds?

4% Interest Paid on Accounts.

OF GLENDALE  
Corner Brand Boulevard  
and Broadway

## ORIGINAL LETTER

(Continued from Page One)

ter than I expected. We are in a part of France where the war has not made itself felt as much as nearer the fighting front. The people here are quite cheerful and we all think very highly of the French character, courage and disposition.

We have fully decided, however, that there are many advantages to be found in American plumbing and little things like that. It is a fact that by adopting the French styles in plumbing that much money could be saved in American practice.

I know that you have seen some of the more prominent varieties of French plumbing and will fully appreciate how we feel about the matter.

We all hope to get back to God's country, but some of us will not. We have a big job before us and the nerve to tackle it. I have an inkling that I have been recommended for the gas service and I can tell you that it is a branch for which I would not volunteer although we are assured that it is not dangerous for us. My research experience and smelter work probably account for steering me in that direction. Probably will get service in the rear.

We are now given simpler methods of getting military training. For example, to get a man to stand in a soldierly manner we do not recite a bookful of instructions. Just tell him to put his neck back against his collar and suck in his belly. Try it on some round-shouldered member of the Tyler force and you will see that it is a very direct method of getting results.

We are having weather like that of Seattle for the most part, although there was a little freeze last night that dried up the ground a little. We are told that we will find April hot and "vapor." The climate is certainly very damp.

I think that I have kept within the essential limits to have this letter pass the censor, but we have to be very careful. I sometimes act as censor of privates' mail and we all think very well indeed of what the American soldier writes. The people back home will do well to remember that every boosting letter which they write to the boys in France will help to beat the "boche." Advertising skill in writing these letters will not come amiss. Mere right does not make might. It is the will to enforce the right that will raise the devil with Fritz.

No mail has yet reached me over here, but when the letters start coming they will be like gold nuggets. I shall feel myself particularly favored if you find time to send a line now and then.

Sincerely yours,  
CAPTAIN FRED S. CURTIS.  
Engrs. R. C. 116th Engineers, Attached.

## THE GARDEN BANNER

The Garden Banner has found a champion in the South Pasadena Record, which says:

The latest thing in a war service banner is a garden emblem that proclaims to the world, or at least to the neighbors, that the owner thereof has undertaken in the vernacular, "to grow grub," because growing grub will get the Germans. Anybody can make this flag. It may be of white cloth, with a red border and a blue spade rampant in the center, and hung in the front window. Or it may be painted on the garden fence, life size, or it may be painted upon a standard and set up, like a patriotic scare-crow, over the vegetable beds. It should be set up now and kept bright until the crops are harvested next fall.

This is no time for modestly concealing one's civic virtues, or keeping your left-hand neighbors from knowing what the patriotic right-hand ones are doing. At the same time that the blue spade in its white field is set up, the steel spade should be set into the brown earth.

## PROFITTING IN SEEDS

Information is coming constantly to the United States Department of Agriculture and the Food Administration that abnormally high prices for seeds are being charged in some sections. The need for increased crop production is obvious, and without adequate distribution of seed at reasonable prices there is danger that acreage will be lessened and seed of poor quality will frequently be used. If such conditions were to develop it would seriously impair our national food program.

All wholesale seed dealers and those retail dealers in seeds doing an annual business of \$100,000 or over, who handle peas, beans, cotton seed, and corn are now operating under license from the Food Administration. Instances have been cited to the department where others have been taking advantage of the present situation by charging exorbitant prices for seeds.

Upon receipt of specific information of extortionate prices being charged for seeds, such cases will be investigated and recommendations made for such action as the conditions require.

Several speed cases have been tried this week by Judge Johnson, who has added about two hundred dollars to the county treasury as a result of his decisions, says the Rialto Record. Many of the speeders were tourists seemingly bent on the one idea of seeing California in a hurry.

## DEMAND FOR WOMEN'S LABOR

The demand for women's labor in the different states is indicated in the following statements which have been made by Mrs. Hilda Mulhauser Richards, Chief of the Woman's Division of the United States Employment Service:

"The Department of Agriculture advises us that their county agents report that women will be used in different occupations in the various States, as follows:

"In Iowa, Illinois, Indiana, Minnesota, Nebraska, Georgia, New York, and Vermont indications are that women will be needed in large numbers to do farm work.

"California, Washington, and Oregon will use foreign or colored women.

"Kansas, New Jersey, New Hampshire, Connecticut, and Rhode Island will use women in fruit packing and truck gardening as they have in the past. Virginia will use women for picking apples and fruit.

"Utah is going to make a drive for women workers in their sugar-beet fields. Kentucky will use women for berry picking."

As yet no specific figures are obtainable as to the actual number of women needed.

There is a feeling on the part of the county agents of the Department of Agriculture that there ought to be no general move to put women on the land because the farmers were already expressing the opinion that there was a move to substitute women for men to do farm work, and they objected to it. The farmers will use men and boys as long as they are available.

## HUSBANDING SCHOOL FUNDS

John Chambers, State Controller of California, who for some time has been issuing warnings charging extravagance in the incurring of bonded indebtedness by states, counties and cities, and in the expenditure of public money, made the following statement in the course of an address at the Twentieth Annual Convention of the League of California Municipalities held at Santa Rosa:

I am of record as favoring the very liberal support of the schools, that we cannot regard them upon purely a dollar and cent basis, that we had better give them far too much than not enough money, that the education of our boys and our girls is the first consideration, that the future welfare of our country is in their hands.

But I also am of record that we should ascertain as nearly as is practicable how the school money is expended, where the waste is, if any; if we are getting value received, or nearly so.

Last year, that is for the fiscal period ending June 30, 1916, the peo-

## ANNOUNCEMENTS

## CANDIDATE FOR CITY TRUSTEE

I hereby announce myself as a candidate for the office of trustee of the City of Glendale subject to the decision of the voters at the City election, Monday, April 8, 1918.  
141tf C. H. HENRY.

## CANDIDATE FOR CITY TRUSTEE

The undersigned announces his candidacy for the office of trustee of the City of Glendale, and will appreciate the support of the people at the polls on the date of election, April 8, 1918.  
143tf J. H. MELLISH.

## CANDIDATE FOR CITY CLERK

I hereby announce my candidacy for the office of City Clerk of the City of Glendale, subject to the decision of the voters at the City election, April 8th, 1918.  
144tf JOSEPH V. GRIFFIN.

## CANDIDATE FOR CITY TRUSTEE

I hereby announce myself as a candidate for city trustee. I have been a resident of Glendale for eight years and have been in business continuously. Those who have had dealings with me know my qualifications. I am now located at 1109 1/2 West Broadway, in the cigar and tobacco business.  
149tf F. J. WILLET.

## CANDIDATE FOR CITY CLERK

The undersigned, incumbent, announces his candidacy for re-election to the office of City Clerk of the City of Glendale, subject to the decision of the voters at the election, April 8, 1918.  
151tf J. C. SHERER.

ple of the State of California expended over \$37,000,000 for educational purposes, or more than \$12 per capita. The figures as to the counties and cities for the year ending June 30, 1917, are not yet available, but those for the State Government are, and they total \$11,091,585.21, including \$6,643,855.09 contributed toward the support of the elementary and the high schools of California.

These are large sums, my friends; huge sums, and I think justify concern upon the part of all of us. If there is no waste, or little comparatively speaking, all right; the people of California stand ready to continue the good work, and better. But if there is serious waste, then let it be ascertained as definitely as may be,

## CANDIDATE FOR CITY TREASURER

The undersigned, incumbent by appointment, announces his candidacy for election to the office of City Treasurer of the City of Glendale, subject to the decision of the voters at the election, April 8th, 1918.  
153tf J. W. STAUFFACHER.

## CANDIDATE FOR CITY TRUSTEE

The undersigned announces his candidacy for the office of trustee of the City of Glendale, and will appreciate the support of the people at the polls on the date of election, April 8, 1918.  
158tf FRANK D. SILVIUS.

164tf J. S. THOMPSON.

and stopped. No part of our government, State or local, should be exempt from supervision, investigation, correction, and, if necessary, reorganization.

From June 5 to December 1, 1917, only 5,870 arrests were made or reported to the Department of Justice for failure to register under the selective-service act. Of these 2,663 were released after having registered and prosecutions were begun against 2,059, of which about 1,500 cases are still pending.
